

## DEAC Meeting Agenda

9/27/2022

Attendance: Garrett Campbell, Lina Callahan, Megan Debin, Robert Diaz, Rich Ghidella, Tracy Guild, Darnell Kemp, Michelle Loy, Lugene Rosen, Cory Thomas, Marcus Wilson

### 1. CVC Update

1. FC is now a home college. Darnell will meet with CVC rep on 10/6 for next steps toward teaching college.
2. Overview of what teaching college should entail
  1. Peer online course reviewers – DE Division Reps
  2. 3 courses reviewed by DEDRs and submit to CVC – volunteers for courses
  3. As we move toward becoming a teaching College, DEAC recommends that we support our faculty in their decisions about what should and should be taught online. DEAC does not want to see pressure for courses to go online if the subject matter experts feel it needs to be face-to-face.
2. Roster check for Canvas – in late September, Canvas did not receive a Banner update for two days. The updates were run, but please let DE know if there are any roster discrepancies.
3. Interest in new integration – DEAC is not interested in exploring a search feature for Canvas now. There is an interest in exploring grading integrations that will help with RSI and grading time.
4. Canvas shell for peer share. Please join and post in The Canvas Colony– join code - <https://fullcoll.instructure.com/enroll/KKRKGG>
5. Open positions in DEAC (at large) and Districtwide DE Task Force (CTE) – DEAC would like a CTE rep that is exploring hyflex – Michael Moore and Alan Ray are possibilities.
